

## Who Will Help You Pass?

The quick answer is YOU! With a good strategy and with the help of experienced mentors, SUCCESS is almost sure!

## Be Ready to Take the Examination!

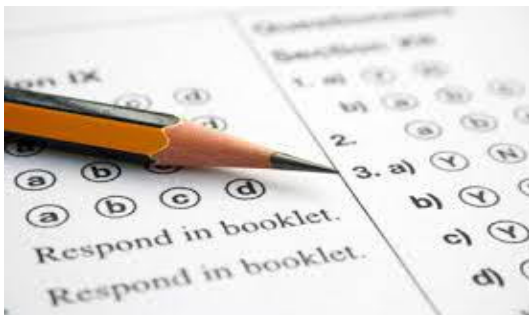

Gain confidence and be physically and mentally ready for the exam by mastering the secrets of taking multiple choice examinations through a strategic plan.

## Be Efficient and Effective!

So you have just completed several months of attendance in a formal review center and the licensure exam is only more than a month away.

Somehow still you feel unprepared or unsure if you will pass the upcoming exam. This course is an alternative approach to taking a refresher course from the same review center.

It shall use the Prepare, Assess, Strategize, Simulate (PASS) Approach towards preparing efficiently and being effective in handling MCQ exams.

## Who May Enrol?

This unique short course is aimed for those who have already completed a formal review course and have already applied to take a licensure or certification examination based on Multiple Choice Questions (MCQ). They will be trained to be confident in exam taking and mastering MCQ.

### FURTHER INFORMATION

For more details of about this course, please complete the inquiry form below and save and email it to [e2consultinginc@yahoo.com](mailto:e2consultinginc@yahoo.com), or please visit or contact:

### INQUIRY FORM

May I request for more details about the following:

---

---

Full Name:

Position/ Profession:

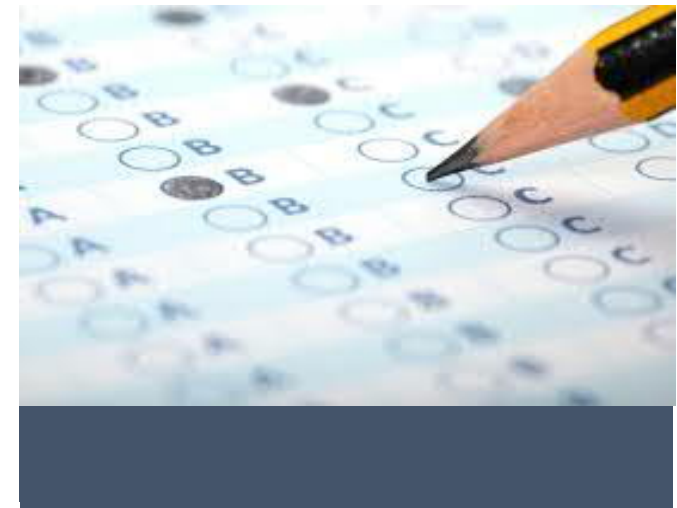

Company/Organization:

Email Address:

Contact Number

**GETTING READY FOR  
A SUCCESSFUL  
LICENSURE  
EXAMINATION**

Prepare,  
Assess,  
Strategize,  
Simulate!

## What Shall I Expect?

Upon registration, you shall be given a username and password which shall enable you to access the online content of a course website and to do online drills on MCQ covering the topics of your licensure examination. Automatic grading of the drills and analysis of your answers shall be readily available in order to assess your mistakes so you can avoid similar mistakes in your future drills.

Face to face meetings with educational specialists on Mastering Multiple Choice Exams and group mock exams shall be conducted to bolster self-esteem, culminating in a simulated and monitored licensure examination, the results of which shall be posted in the course website.

## When Will This Happen?

Four batches of courses shall be held within the period from October 8 to November 16, 2019 for prospective PRC Chemical Engineering Licensure Examinees scheduled on November 23 to 25, 2019. Exact dates shall be posted later at the e<sup>2</sup> Academy Website with the URL: [www.academy.e2consultinginc.org](http://www.academy.e2consultinginc.org)

A similar schedule for prospective takers of the Certification Exam for Industrial Engineers by the Philippine Institute of Industrial Engineers shall likewise be announced later in the same website.

## How Much Shall I Pay?

The registration fee for the blended course with a duration of 15 days is P3,000. This shall include access to the course website materials, online drills, a mock board exam, and attendance to face to face meetings. Registration begins every Tuesday and Saturdays (9AM to 4 PM) beginning June 17, 2019.

## Where Do I Enrol?

Come visit us at the 3<sup>rd</sup> floor of the PRRM Building located at 56 Mother Ignacia Avenue, Quezon City. Our building is walking distance from Quezon Avenue corner Scout Magbanua Street, passing along the Capitol Medical Center.
